

DRUG & ALCOHOL ABUSE PREVENTION PROGRAM (DAAPP) PROGRAM PARTICIPATION AGREEMENT (PPA)

As required by the Drug-Free Schools and Communities Act Amendments of 1989, which added section 1213 to the Higher Education Act, and implemented at 34 C.F.R. Part 86, the undersigned institution certifies that it has adopted and implemented a drug prevention program for its students and employees that, at a minimum, includes –

1. The annual distribution to each employee, and to each student who is taking one or more classes of any kind of academic credit except for continuing education units, regardless of the length of the student's program of study, of:

a) Standards of conduct that clearly prohibit, at a minimum, the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees on its property or as part of any of its activities

- i. For employees: [North Central College Human Resources Policy](#), Policy 1.15 Drug Free Workplace *and* Policy 1.15b Alcohol on Campus.
- ii. For students: [Student Handbook](#), p. 7 Alcohol Policy, p. 9 Drug Policy, p. 10 Consequences of Alcohol and Drug Violations, p. 12 Medical Amnesty, p. 12 Drug and Alcohol Use Education and Prevention.

b) A description of the applicable legal sanctions under local, State, or Federal law for the unlawful possession or distribution of illicit drugs and alcohol

- i. Federal: https://www.campusdrugprevention.gov/sites/default/files/2022-11/2022_DOA_eBook_File_Final.pdf
- ii. Sample Illinois Sanctions for Violation Of Alcohol Control Statutes (See the [Illinois Compiled Statutes](#) for more specific information)
It is a Class A Misdemeanor:

- A. to possess or sell alcohol if you are under 21;
- B. for any person under 21 years of age to consume alcohol;
- C. to alter, or deface an identification card; use the identification card of another; carry or use a false or forged identification card; or obtain an identification card by means of false information;
- D. to sell, give, or deliver alcohol to individuals under 21 years of age.

Class A Misdemeanors are punishable with a fine of no less than \$75 and up to \$2,500 and less than one year in the county jail. Local ordinances may also be enforced.

Class A Misdemeanors are punishable with a fine of \$75 to \$2,500 and up to 1 year in the county jail.

Federal statutes and penalties are separate and different than State penalties.

iii. Sample Illinois Sanctions for Violation of Drug Control Statutes

(See [Illinois Compiled Statutes](#) for more specific information regarding civil and/or criminal penalties)

The possession and use of certain cannabis does remain a violation of Federal law.

Possession of Cannabis - Under 21 Years of Age

- A. It is a Civil Law Violation to possess from 0 to 9 grams of Cannabis. The civil law violation is punishable by a minimum fine of \$100 and a maximum fine of \$200.
- B. It is a Class B Misdemeanor to possess from 10 to 29 grams of Cannabis. For additional sanctions, please see below.

Possession of Cannabis – 21 Years of Age and Older

An Illinois resident (21 years old and older) may possess up to 30 grams of cannabis (about 1 ounce), 5 grams of cannabis concentrate or edibles containing up to 500 milligrams of THC. Non-residents (21 years old and older) may possess only half of these amounts.

- E. It is a Class A Misdemeanor to possess from 30 to 99 grams of Cannabis (first offense).
- F. It is a Class 4 Felony to possess from 30 to 99 grams of Cannabis (subsequent offense).
- G. It is a Class 4 Felony to possess 100 grams to 499 grams of Cannabis.
- H. It is a Class 3 Felony to possess 500 grams to 1,999 grams of Cannabis.
- I. It is a Class 2 Felony to possess 2,000 grams to 4,999 grams of Cannabis.

It is a Class 1 Felony to possess more than 5,000 grams of Cannabis.

Possession of Cocaine:

- J. It is a Class 4 Felony to possess 0-14 grams
- K. It is a Class 1 Felony to possess 15-99 grams.
- L. It is a Class 1 Felony to possess 100-399 grams.
- M. It is a Class 1 Felony to possess 400-899 grams.
- N. It is a Class 1 Felony to possess 900+grams.

Possession of Heroin/LSD:

- O. It is a Class 4 Felony to possess 0-14 grams
- P. It is a Class 1 Felony to possess 15-99 grams.
- Q. It is a Class 1 Felony to possess 100-399 grams.
- R. It is a Class 1 Felony to possess 400-899 grams.
- S. It is a Class 1 Felony to possess 900+grams.

Class 4 Felony sentence may be from 1 to 3 years in a state penitentiary.

Class 3 Felony sentence may be from 2 to 5 years in a state penitentiary.

Class 2 Felony sentence may be from 3 to 7 years in a state penitentiary.

Class 1 Felony sentence may be from 4 to 15 years in a state penitentiary.

The fine for a Class 4 Felony Controlled Substance violation shall not be more than \$25,000.

The fine for a Class 1 Felony Controlled Substance violation shall not be more than \$200,000.

This is not an exhaustive list of narcotics and controlled substances that are subject to Illinois Compiled Statutes and which may have local, state, and/or federal sentencing guidelines.

c) A description of the health risks associated with the use of illicit drugs and the abuse of alcohol.

Detailed below:

Health Risks of Commonly Abused Substances

Substance	Nicknames/ Slang Terms	Short Term Effects	Long Term Effects
Alcohol		slurred speech, drowsiness, headaches, impaired judgment, decreased perception and coordination, distorted vision and hearing, vomiting, breathing difficulties, unconsciousness, coma, blackouts	toxic psychosis, physical dependence, neurological and liver damage, fetal alcohol syndrome, vitamin B1 deficiency, sexual problems, cancer, physical dependence
Amphetamines	uppers, speed, meth, crack, crystal, ice, pep pills	increased heart rate, increased blood pressure, dry mouth, loss of appetite, restlessness, irritability, anxiety	delusions, hallucinations, heart problems, hypertension, irritability, insomnia, toxic psychosis, physical dependence
Barbiturates and Tranquilizers	barbs, bluebirds, blues, yellow jackets, red devils, roofies, rohypnol, ruffies, tranqs, mickey, flying v's	slurred speech, muscle relaxation, dizziness, decreased motor control	severe withdrawal symptoms, possible convulsions, toxic psychosis, depression, physical dependence
Cocaine	coke, cracks, snow, powder, blow, rock	loss of appetite increased blood pressure and heart rate, contracted blood vessels, nausea, hyper-stimulation, anxiety, paranoia, increased hostility Increased rate of breathing, muscle spasms and convulsions, dilated pupils disturbed sleep	depression, weight loss, high blood pressure, seizure, heart attack, stroke, hypertension, hallucinations, psychosis, chronic cough, nasal passage injury, kidney, liver and lung damage
Gamma Hydroxy Butyrate	GHB, liquid B, liquid X, liquid ecstasy, G, georgia homeboy, grievous bodily harm	euphoria, decreased inhibitions, drowsiness, sleep, decreased body temperature, decreased heart rate, decreased blood pressure	memory loss, depression, severe withdrawal symptoms, physical dependence, psychological dependence

Substance	Nicknames/ Slang Terms	Short Term Effects	Long Term Effects
Heroin	H, junk, smack, horse, skag	euphoria, flushing of the skin, dry mouth, “heavy” arms and legs, slowed breathing, muscular weakness	constipation, loss of appetite, lethargy, weakening of the immune system, respiratory (breathing) illnesses, muscular weakness, partial paralysis, coma, physical dependence, psychological dependence
Ketamine	K, super K, special K	dream-like states, hallucinations, impaired attention and memory, delirium, impaired motor function, high blood pressure, depression	Urinary tract and bladder problems, abdominal pain, major convulsions, muscle rigidity, increased confusion, increased depression, physical dependence, psychological dependence
LSD	acid, stamps, dots, blotter, A-bombs	dilated pupils, change in body temperature, blood pressure and heart rate, sweating, chills, loss of appetite, decreased sleep, tremors, changes in visual acuity, mood changes	may intensify existing psychosis, panic reactions, can interfere with psychological adjustment and social functioning, insomnia, physical dependence, psychological dependence
MDMA	Molly, ecstasy, XTC, adam, X, rolls, pills	impaired judgment, confusion, blurred vision, teeth clenching, depression, anxiety, paranoia, sleep problems, muscle tension	same as LSD, sleeplessness, nausea, confusion, increased blood pressure, sweating, depression, anxiety, memory loss kidney failure, cardiovascular problems, convulsions death, physical dependence, psychological dependence
Marijuana/Cannabis	pot, grass, dope, weed, joint, bud, reefer, doobie, roach	sensory distortion, poor coordination of movement slowed reaction time, panic, anxiety	bronchitis, conjunctivas, lethargy, shortened attention span, suppressed immune system, personality changes, cancer, psychological dependence, physical dependence possible for some

Substance	Nicknames/ Slang Terms	Short Term Effects	Long Term Effects
Mescaline	peyote cactus	nausea, vomiting, anxiety, delirium, hallucinations, increased heart rate, blood pressure, and body temperature	lasting physical and mental trauma, intensified existing psychosis, psychological dependence
Morphine/Opiates	M, morf, duramorph, Miss Emma, monkey, roxanol, white stuff	euphoria, increased body temperature, dry mouth, “heavy” feeling in arms and legs	constipation, loss of appetite collapsed veins, heart infections, liver disease, depressed respiration, pneumonia and other pulmonary complications, physical dependence, psychological dependence
PCP	crystal, tea, angel dust, embalming fluid, killer weed, rocket fuel, supergrass, wack, ozone	shallow breathing, flushing, profuse sweating, numbness in arms and legs, decreased muscular coordination, nausea, vomiting, blurred vision, delusions, paranoia, disordered thinking	memory loss, difficulties with speech and thinking, depression, weight loss, psychotic behavior, violent acts, psychosis, physical dependence, psychological dependence
Psilocybin	mushrooms, magic mushrooms, shrooms, caps, psilocybin & psilocin	nausea, distorted perceptions, nervousness, paranoia,	confusion, memory loss, shortened attention span, flashbacks may intensify existing psychosis,
Steroids	roids, juice	increased lean muscle mass, increased strength, acne, oily skin, excess hair growth, high blood pressure	Cholesterol imbalance, anger management problems, masculinization or women, breast enlargement in men, premature fusion of long bones preventing attainment of normal height, atrophy of reproductive organs, impotence, reduced fertility, stroke, hypertension, congestive heart failure, liver damage, psychological dependence

d) A description of any drug and alcohol counseling, treatment or rehabilitation or re-entry programs that are available to employees or students.

For students: Short term alcohol and other drug counseling is available on campus to students through the Dyson Wellness Center (630-637-5550). Students may be referred through the Counseling Center to other treatment programs for more intensive treatment.

For employees: Through North Central College’s Office of Human Resources, 1-800-456-6327, www.perspectivesltd.com offers employees additional education and counseling, as well as appropriate referrals.

- e) **A clear statement that the institution will impose disciplinary sanctions on students and employees (consistent with local, State and Federal law), and a description of those sanctions, up to and including expulsion or termination of employment and referral for prosecution, for violation of the standards of conduct. A disciplinary sanction may**

include the completion of an appropriate rehabilitation program.

Students or employees who violate federal, state or local laws concerning drugs or alcohol are subject to criminal prosecution; those who violate North Central College policies may also be subject to institutional sanctions or dismissal.

- i. For employees: North Central College Human Resources Policy, Policy 1.15 Drug Free Workplace and Policy 1.15b Alcohol on Campus. Ensure that the regulations note that “a disciplinary sanction may include the completion of an appropriate rehabilitation program.” If this exact language isn’t in the policy, it needs to be added.
- ii. For students: Alcohol and Drug related policies may be found in pages 7-14 of the Student Handbook.

North Central College Alcohol Policy:

North Central College recognizes that personal choices involving the use of alcohol have an impact on both the individual and the community. The College’s alcohol policy, written in accordance with Illinois State law, supports the mission of the institution and its academic and student development goals.

North Central College students are subject to all Federal, State, and Local laws pertaining to alcohol. In the event a student becomes involved in legal trouble, and prosecution occurs outside the College, violators also may be subject to the College’s Student Conduct Process, which will occur independently of any pending legal proceeding. Additionally, North Central College, as an educational institution, sets supplementary community standards for its members that are over and above prescribed Federal, State, and Local laws.

North Central College Drug Policy

Students are prohibited from the unlawful use, possession, or distribution of any illegal drug or illegal drug paraphernalia, whether on or off campus. Students are also prohibited from being in the presence of illegal drugs or illegal drug paraphernalia. Presence is defined as being in the room, suite, vehicle, or other location proximal to the possession or use of illegal substances, activities or paraphernalia. Illegal drug and/or illegal drug paraphernalia may be subject to disposal.

The North Central College drug policy covers illegal and illicit use of controlled substances, including but not limited to marijuana, stimulants, depressants, hallucinogens, opiates/narcotics, inhalants, synthetic drugs, or any other intoxicating compound. The unauthorized possession or use of prescription drugs is also prohibited. If a significant quantity of drug, or items suggesting drug distribution are found (for example: scale, small self-sealing baggies, etc.), the College may refer the case directly to the hearing panel process to consider suspension or dismissal.

Consequences of Alcohol and Drug Violations

All incidents involving drugs and alcohol will be processed through the College’s Student Conduct Process. Students found in violation of alcohol and/or drug policies may be subject to sanctions deemed appropriate by the College, such as counseling assessments, educational projects, fines, parental notification, community service, campus engagement, reprimand, restitution, residence hall removal, completion of an appropriate, rehabilitation program, suspension, probation, or dismissal. Law enforcement may be contacted for alcohol and drug violations. If a drug or alcohol offense occurs on campus and results in a legal proceeding,

the College has the right to also process the matter through the Student Conduct procedure, separately from the legal proceeding.

2. A biennial review by the institution of its alcohol and other drug prevention comprehensive program to:

- a) Determine effectiveness and implement changes to its comprehensive alcohol and other drug prevention programs, if they are needed.
- b) Determine effectiveness and implement changes to its comprehensive alcohol and other drug policies, if they are needed.
- c) Ensure that its disciplinary sanctions are consistently enforced.

*For a copy of the Biennial Review, contact the Office of Student Affairs at 630-637-5151.
