Disability Discrimination Policy and Accommodation

The College is committed to full compliance with the Americans With Disabilities Act of 1990 (ADA), as amended, and Section 504 of the Rehabilitation Act of 1973, which prohibit discrimination against qualified persons with disabilities, as well as other federal and state laws and regulations pertaining to individuals with disabilities. Under the ADA and its amendments, a person has a disability if they have a physical or mental impairment that substantially limits a major life activity.

The ADA also protects individuals who have a record of a substantially limiting impairment or who are regarded as disabled by the institution, regardless of whether they currently have a disability. A substantial impairment is one that significantly limits or restricts a major life activity such as hearing, seeing, speaking, breathing, performing manual tasks, walking, or caring for oneself.

Faculty and Staff with Disabilities:

Pursuant to the ADA, the College will provide reasonable accommodation(s) to all qualified employees with known disabilities when their disability affects the performance of their essential job functions, except when doing so would be unduly disruptive or would result in undue hardship to the Institution.

Faculty or staff members with a disability are responsible for submitting a request for an accommodation to Human Resources and providing necessary documentation. Human Resources will work with the faculty or staff member's supervisor to identify which essential functions of the

position are affected by the employee's disability and what reasonable accommodations could enable the employee to perform those duties.

Grievance Procedure

Most matters of harassment, discrimination, and/or denial of an accommodation can be resolved informally by a Student Disability Services Coordinator. All efforts are made to address the situation immediately to avoid the disruption to the student's experience. If the matter cannot be resolved by a Student Disability Services a Coordinator or if the complaint involves the coordinator, the student can email the 504/ADA Coordinator directly or fill out the online Bias Incident Reporting Form within 30 days of the date of the alleged discriminatory action.

Online Reporting via the [Bias Incident Reporting Form](#).

When a resolution cannot be found informally, the student may email the 504/ADA Coordinator directly to start a formal grievance process. This should be completed as soon as an informal resolution cannot be met or within 30 days of the date of the alleged discriminatory action.

The grievance should include a description of the alleged discrimination, harassment, and/or denial of accommodation. Relevant facts, communication exchanges, or other relevant documents should be included. The student should also state a desired resolution.

The 504/ADA Coordinator will conduct a prompt and thorough investigation. Upon completion of the investigation, the 504/ADA Coordinator will provide a written response to the grievant.

Retaliation against persons involved in reporting, investigation or informal resolution process is prohibited. Retaliation will be treated as a separate violation of the policy.
